

OHIO FARMERS TO MEET MONDAY

Record Attendance Expected at Annual Gathering

SEVERAL SHOWS TO BE HELD

Unusual Program is Arranged for the Week

COLUMBUS — (By Associated Press) — Farmers' Week, the Ohio farmers' annual assembly at the Ohio State University for a week of instruction and to attend one or more of the annual meetings of 20 state agricultural associations held in connection with the program, is scheduled for January 21 to February 4. It is expected to attract one of the largest crowds since the affair has been held.

There are two reasons, the excellence of this year's program, promoters of the event said, and the fact that railroads for the first time will reduce fares for those attending. A fare of one and one-half for the round trip has been allowed by the roads.

Lectures and demonstrations will be given by 178 farmers, teachers, and investigators selected through the eastern half of the United States. As usual, the educational sessions will be combined with the meetings of the different agricultural bodies, so that the whole will present a continuous program from nine o'clock each morning until late in the evening. A separate program for the hundreds of women who will attend is provided.

In order to live up to the day's program music and educational motion pictures are provided each day as well as talks of general and popular interest.

In addition to the general program several shows will be held during the week. Two of the largest are the Ohio State Corn and Grain Show and the home convenience show, which will be held all week.

The latter will consist of demonstrations of farm lighting and water supply systems as well as household labor-saving equipment. The apparatus will be tested for efficiency much the same as the tractors have been during previous Farmers' Week programs.

Another display of interest to women will be a style show arranged by the department of home economics of the University. Besides showing of latest styles on living models Miss Jeanette Butler who will be in charge of the exhibition personally will go over dress problems with women who seek her advice.

DAIRY CATTLE DAY — On the livestock program Monday will be dairy cattle day; Tuesday, sheep day; Wednesday, horse day; Thursday, beef cattle day. A cattle and horse show judging demonstration will be held during the week.

On the crops program, Monday will be sweet clover day; Tuesday, wheat day; Wednesday, forage crop day; and Thursday better seed day.

Semi-technical as well as popular lectures will make up the solis program.

The Ohio Beekeepers' Association, cooperating with the United States Department of Agriculture and the University, will conduct a week's course in beekeeping.

ORDER OF MAYOR CHASES 'SLOTS'

Alleged Gambling Devices Disappearing Wednesday

Very few slot machines and dice boards were in operation Wednesday in Lima cigar stores and elsewhere, as a result of the mayor's order to the police department to rid the city of gambling devices, owners having been notified by the department on Tuesday that two days would be given them in which to comply with the order.

An investigation will be made by the policemen Thursday and any one found having any of these devices in operation will be liable to arrest and conviction.

It is expected that the company manufacturing and placing the slot machines affected by the order, will fight removal, claiming they are not gambling machines.

The mayor's order was issued Monday morning, following a conference between Mayor Burkhardt, City Solicitor Garling and Safety Director Fisher. The conference was called by the mayor after he had received numerous complaints.

FEARS FELT FOR AMERICANS

Mining Camp in Mexico is Attacked by Bandits

ARIETAS ON THE WAR PATH

Strong Federal Force Sent Out to Capture Outlaws

MEXICO CITY — (By United Press) — Fears were felt here today for a large number of Americans in a mining camp at Tehehuacan, state of Durango, which is reported to have been attacked by a strong force of bandits led by the Arietas brothers.

The Arietas brothers revolted several days ago, according to advices reaching here, and went on the war path in Durango with a big following. The government has ordered General Eugenio Martinez, who brought about the surrender of Francisco Villa, and has a reputation as one of the best bandit hunters in Mexico, to start on the trail of the Arietas immediately. He is getting under way with a strong force of federal troops.

CAMP WILL BE ARMED
Efforts are being made to learn the outcome of the reported Arietas attack on the Tehehuacan mining camp. The Americans and other foreigners in this camp are believed to have been well armed.

It was considered here that the Arietas campaign would probably be protected, as the new bandit leaders are operating in a portion of Durango, which has many hiding places, particularly in the mountains. It borders on the state of Chihuahua, scene of Villa's escapades.

The Arietas are understood to be attempting to travel eastward and effect a junction with other and smaller bands which have not yet been "mopped up" by government troops.

CAPITAL SHOCKED
The Arietas brothers formerly were among the wealthiest of Mexico and held a large estate in Durango, where they controlled vast areas in Durango and were as powerful as kings in their own domain. They joined the Madero revolt and after Madero's assassination, threw their support to Villa.

When Villa broke with Carranza and became an outlaw, the Arietas retired to their estates and little was heard from them. For the last two years they have been living quietly. The report that they had attacked the mining camp, came as a shock here. The Arietas brothers have a tremendous following, thousands of peasants and cattle men in Durango putting their power above that of the federal government in that state.

Walt Oglesbee Is Bluffed By Cat

Being "traced" in bed by cat is quite an extraordinary experience, never before experienced by Oglesbee, an artist at the Lima Photo Engraving Co. Monday night.

Just as Oglesbee and his wife were retiring for the night, she happened to notice a mouse run across the floor. It did not take them both long to get out of "dodge," but how to get the mouse out of the room worried them so much that they were unable to sleep.

REPORTS TO FLEMY
Then Walt happened to think of the family cat.

Slipping on a scant covering, he squeaked down stairs and pursued the cat, captured it and carried the feline upstairs.

He and his wife laid awake for some time, waiting to see the result. Presently right at the side of the bed the mouse gave a squeak and the cat could be heard crushing the poor mouse's bones.

So it was up to Walt next to put out the cat. Shoving back the bed clothes and putting one foot to the floor, he reached for the cat. He meowed and "spurred" at him. When he reached for it, it pawed at him.

IS CHASED TO BED
And to climax it all, Walt jumped to the middle of the floor from the bed, thinking that he would surprise the cat but he had not more than landed on his feet until the feline chased him hurriedly to bed again.

Walt would take no more chances and waited until the vile pussy had time to eat her prey then she was contented to be taken from the room.

CRAIG SUIT IN COMMON PLEAS

Defense in Election Contest Offers Evidence

Arguments of points at law took up the entire morning Wednesday in the hearing in common pleas court of the election contest of Walter W. Craig against A. J. Gray and J. W. Thompson.

Judge Daniel M. Bailey, Ottawa, is hearing the case. Legal counsel for Craig declared they had no further testimony to introduce.

Counsel for Gray and Thompson produced more than 25 witnesses from the rural districts over Allen-co. The purpose was to show, according to claims of counsel, that because James G. Mackenzie, Democrat, defeated candidate, was running behind his ticket, ballots counted in those districts favored Craig.

They aver this in no way mitigated against Craig securing a sufficient number of votes to be elected for one of the long terms.

Craig charges that in nine precincts in the fourth and sixth wards in Lima, ballots of voters were counted as not intended by the voters. This gave Gray and Thompson the better of him in rolling up votes, causing them to receive the highest number of votes. Consequently they were elected for the two long terms.

Witnesses from the rural districts were sworn in and it was planned to place them on the stand Wednesday afternoon.

LOOT RECOVERED

Thieves Discard Clothing Taken From Redderson's

Part of the loot taken from the Carl Redderson clothing store, 144 Main-st., Monday night, when burglars forced entrance thru a rear door opening into a hallway was found Wednesday morning by Raymond Schnier, a fireman at No. 3 engine house, on N. Shore-drive, between McInnes and Pierce-sts., while on his way to report for duty.

A suit, overcoat and a hat was recovered. They were wrapped in a bundle, tied by a neck tie, and had been carelessly thrown to the side of the street.

Police believe it was discarded from an automobile. Redderson identified the apparel as that stolen from his place, together with another suit and an overcoat valued at between \$250 to \$300.

Up until late Wednesday, police had no clue as to who robbed the store.

LIPSNER PROMISE IS FULFILLED

(Continued from Page One)

America have not heretofore been announced in the public print. Maps of the American aerial routes of the entire world are in the possession of Captain Lipsner, the first given out by the league, showing the Lima route, still unnamed.

MAY BE "LIPSNER AIRWAY"
It was the desire of Woodhouse that the new route be designated as the "Lipsner Airway" but Captain Lipsner feels that the selection of a name should be left to the people of Lima. Under the circumstances it would be a lack of confidence on the part of this city if the name chosen by Woodhouse was not adopted.

When the league was informed by the indefatigable champions of Lima recognition that this city has an ideal landing field in the county fair grounds; that it is the meeting point of the Lincoln and Dixie highways and that it is one of the great industrial centers of Ohio, with a population of over half a hundred thousand, located on great trunk lines of railway, there was little hesitancy on its part in making the change Captain Lipsner pleaded for. The cost of making new maps and blue books, showing the Lima route, will be no small item, but it is being done. As originally prepared, the world aerial map showed only the names of Toledo, Cleveland and Columbus in Ohio. The name of Lima now goes on.

Before Captain Lipsner started out to make good his promise to Lima, this city was ten miles removed from the Wilson route, one of the greatest of the east and west routes, over which mail and passenger are now being carried daily thru the air, but such faithful adherence to the outlined routes by flyers that but for the effort of Captain Lipsner this city would remain thus far removed from the aerial routes.

LANDING FIELD NEXT
It is now up to Lima to dedicate a landing field and I will be pleased to come to this city at any time to assist," Lipsner said Wednesday before his departure for the east. "It is my intention also to make the first trip over the Lima route, if possible, between Detroit and Indianapolis."

"If America is to be in the position in the future that there will be no danger of attack from another country," Captain Lipsner said, "America must be made the greatest of the nations in the world in the air, in progress. We must attain supremacy of the air in a commercial way, to be enabled to win in event another world war comes, for it is assured that the next great war will be fought almost altogether by aircraft."

"The general public does not appreciate what has already been done in the development of commercial aviation in the United States, nor the great amount of money that has been expended by private enterprise in that direction. There is every good reason to believe that the new national administration will further develop plans now in formation and that America will soon be recognized as the leader of the nations of the world in aerial development and power as she now is industrially, financially and otherwise."

Captain Lipsner related several of his experiences as a flyer while assisting in the establishment of the aerial mail service, displayed several of the first letters that were transported by airplane and different issues of aero mail stamps. Lipsner expressed himself and his own achievement in the background in telling of the service to which he lent his aid in establishing.

As a token of the esteem in which Lipsner is held by the Aerial League of America, there has been completed and made ready to be presented to him, a bronze statuette, typifying the subduing of the air, bearing his name. Lipsner owes to Captain Lipsner a debt that is appreciated by those who realize the wonderful possibilities of air travel of the future. It is growing so rapidly that there can be no turning back now.

MAYOR TO RENEW EFFORTS
Mayor Burkhardt stated Wednesday that he is ready to renew his efforts toward securing a permanent landing field for Lima, to make as sure as possible that this city is not only located on routes that will make it possible for the people of the future to plan air trips from Lima to any part of the world, but that ships of the air may start from and land here at will.

Some months ago Mayor Burkhardt and Captain Lipsner inspected the Allen-co. fair grounds and it was found that it would make an ideal landing field. The removal of six poles is all that is necessary to provide a splendid field.

Thru the kindness of Captain Lipsner, The Daily News is enabled to place on display in the window at this office the large maps of the world, presented by the league and the first that has ever been shown. It should be of particular interest to everyone who recognizes the possibilities of the future in aerial development.

PRISONER STAGES HE HAD TO SIT PROPPED UP IN CHAIR FOR WEEKS A GETAWAY

Sheriff Ewing Places Too Much Confidence in Perry
INDICTMENTS ARE NOLLIED

General News Resume of Wapakoneta Territory

WAPAKONETA — (Special) — Charles Perry, arrested a week ago last Saturday for non-support, on a charge filed by his wife, Gladys Perry of New Hampshire, made his escape from Sheriff Bob Ewing in New Hampshire Monday night.

Ewing and his prisoner were waiting for an Ohio Electric car after negotiations between Perry and his wife, to effect a settlement of difficulties and when the officer stepped across the street to talk to his mother, Perry ducked and has not been heard of since.

Sheriff Ewing has had his lesson thus early in placing too much confidence in prisoners. Perry had been confined in the county jail here, but anxious to render a service to the family, with whom he is well acquainted, Ewing accompanied Perry to New Hampshire, in an endeavor to get the domestic troubles straightened out. Sheriff Ewing doesn't admit that he forgave Perry was a prisoner; it was simply a case of misplaced confidence.

Property owners on Wood-st, here will circulate a petition to have that street paved, either this year or next. If it goes thru, 2,400 feet more of improved street will be added to this city's already "improved" streets.

A connecting link between August-st, the city's main thoroughfare and the Dixie Highway.

By the terms of partition agreed upon in common pleas court in the Koller & Koch estate, Henry Koch becomes the possessor of the old K-K brewery, bottling works and a tract of land. C. T. Koller becomes possessor of the Alpha cafe, block here, farm lands totaling 32 acres, bottling works in St. Marys, San Souci part at St. Marys and lots in Kossuth, Ceyer, Uniopolis, Fryburg, Lakeview, Spencerville and Ottawa.

Reed Had Rheumatism So Bad He Couldn't Lie Down—Suffered Five Long Years—Tanlac Overcomes His Troubles

"I had rheumatism so bad I could hardly lie down, and just had to be propped up in a chair for weeks, but Tanlac has put me back on my feet feeling fine and able to work every day," said C. M. Reed, 2633 1st-ave, Huntington, West Virginia recently.

"For five years I didn't know what it was to be hungry, and had indigestion and dyspepsia so bad everything I ate gave me the most terrible pains, and at times I couldn't retain anything on my stomach. At times I was almost deathly sick, had

awful pains in my stomach and chest and headache so bad I would turn dizzy and nearly fall. The rheumatic pains in my back finally got so bad I couldn't go to bed, and even when propped up in a chair I suffered.

"Well, I certainly was in a bad fix when I began taking Tanlac, but today I feel like a different man. I've taken a lot of medicines, but I've never seen anything to compare with Tanlac. Why, I'm eating like I did years ago, and everything agrees with me so well I have gained a lot of weight. The rheumatic pains, and, in fact, all my troubles have disappeared, and life is really worth living for the once more. Tanlac certainly is great."

Tanlac is sold in Lima at Hunter's Drug Stores and by the leading druggist in every town.—Adv.

Tuesday, in common pleas court here, upon the request of Prosecuting Attorney Karl Timmermeister, indictments against Jacob Seitz, F. C. Weimert, J. N. Zaucklein, P. F. Schneider, Isadore Ruppert, Henry Ambros, Tausch & Son, local grocers, and Chas. Garthausen, flour manufacturer at Lock Two, were nollied. Indictments were returned by the grand jury in August of 1919, but the cases were never brought to trial by former Prosecuting Attorney Lewis Stout.

In connection with the arrest of Lester Berning in Lima, Larus Bupb, 21, and a man named Slife, both of St. Marys, were taken from a B. & O. train by Chief of Police Ague on a charge of stealing Gus Hagemeier's Ford last November in St. Marys. Bupb was placed under \$1,000 bond by Justice of the Peace Swift, and in default was locked up. Slife is still in the jail in St. Marys.

An effort will be made here Wednesday night to organize a woman's auxiliary to the Anglaize Post of the American Legion.

M. D. Leithausen of Ridgeville will locate a drug store here, making five of them.

Edith Herrmann has filed suit here for divorce from C. Fred Herrmann, alleging extreme cruelty. Plaintiff seeks alimony.

Reports received here that Stanley Carter, Anglaize-co prisoner in the Ohio penitentiary had been killed by a fall from the prison walls, was found to be untrue when Carter's brother made inquiry of Warden P. E. Thomas.

LARGE GOITRE IS REMOVED AT HOME

Urbana Man Is Quickly Relieved After Long Suffering by External Remedy.

Note: It would be illegal to publish these statements if they were not true. Mr. M. M. Dudley, 424 So. Kenyon St., Urbana, Ohio, says in his own home paper, the Urbana Citizen: "Sorbol Quadruple removed a large goitre for me ten months ago. It was so large that I could not wear a collar. It hurt me so badly I could hardly sleep. It would choke and smother me. Two bottles of Sorbol Quadruple completely removed it. I can now breathe freely and sleep well. I am willing to tell my experience even by letter."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in a healthy normal condition. Requires ten minutes daily.

SLEEPLESS NIGHTS

Caused By Irritated Bladder. Relieved By Simple Remedy For This Daylong Mal.

This letter was taken from the Dayton Daily News. Mr. Wm. D. Ostermeyer, 325 E. Second Street, says: "My bladder caused me to get up many times at night and also inconvenienced me as often as every 30 minutes in the day. After taking a few lithiated buchu tablets my bladder is perfectly normal. They also relieved a very lame back for me. It gives me much pleasure to tell my friends about these little tablets."

Lithiated buchu acts on the kidneys and bladder like a charm. It does not irritate the bowels. It is not a patent medicine, as the formula is on the package. The tablets cost 20 each. This price makes it possible to place in the formula several high priced drugs, which are necessary for prompt relief. Very likely you have never taken anything like this remedy. Try a few doses for backache, scalding, scanty or high colored urine, frequent desire, gravel and other deposits of the bladder.

You can get lithiated buchu, Keller's at Hunter's Drug Stores and drug stores everywhere.—Adv.

ARE YOU CONGENIAL?

Thin-Blooded, Sick-Looking Men and Women Lack Enthusiasm

THEY NEED PEPTO-MANGAN

Red-Blooded, Healthy - Looking Folks Get Along Well Because They Feel Good

There is a thrill in glowing good health. You see it in the enthusiasm and good cheer of congenial people. Fatigue, bad color, dull eyes and listless feelings do not attract other people. You are not congenial when you are run down.

Nearly everybody gets out of sorts occasionally. They are positively unhappy for weeks and constantly tired and gloomy. Perhaps you are that way and can see no reason why. But there is a reason. More than likely it is because of bad blood. Temporarily your blood needs help. Pepto-Mangan is a well-known and very successful remedy for poor blood. It supplies what your blood needs. You pick up and become your old self again; your blood works as it should, keeping you fresh and alert, congenial and happy and strong.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. One is as effective as the other.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without the name "Gude's" it is not Pepto-Mangan.—Adv.

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificates being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the signs (swelling) of the condition and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—oxygen.

But science has found a way, and every true sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO-PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—irresistible. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., Block 223 St. Louis, Mo., for FREE trial Plapao and the information necessary.—Adv.

MANNISH VELVET JACKET IS SMART WITH WOOL SKIRT

By ELOISE

This smart outfit, designed for sports wear in the early spring, is being shown now for southern tourists. It is only one of many such outfits which are taking with the younger set. Some very charming effects are to be had by the combination of these mannish jackets in some solid color worn with skirts which are striped, barred or plaided. The jackets may be of velvet, wool jersey, flannel or serge. They come in dark or light colors. The dark browns, blues, purples and black are worn with plaid skirts while bright reds, white, light blues, yellows and tans are worn with lighter skirts.

Here the jacket is a smartly mannish affair of black velvet. The coat has a one-button fastening and the edges are bound in henna. An extremely narrow belt marks the low waistline. The skirt worn with this coat is made of henna and black striped material with the stripes running horizontally. A black sailor and a high-necked tailored silk blouse with a flowing tie completes the costume.

Mrs. J. B. Poling, W. Market-st., charmingly entertained a number of friends with a luncheon at the Lima Club Wednesday in honor of her sister, Mrs. Gough, London, Canada.

COLD WEATHER CAUSES PEDESTRIANS HERE TO QUICKEN THEIR PACE

Fresh, crisp air Wednesday made pedestrians quicken their step as they hurriedly went their way over uptown streets.

The mercury Tuesday night slipped down the metrical ladder several notches, and in the early morning hours was hovering close around the zero mark.

Tuesday afternoon for several minutes, snow flurries filled the air. But it did not last and the present cold weather came this time unaccompanied.

BOUDOIR ROBE OF WISTERIA SATIN

Who would not relax and bid wrinkles and cares vanish if leisure hours might be spent in the graceful boudoir robe? Pajamas, harem trouser effects and other negligees all pass into the discard when a really truly feminine robe such as this appears. The long, gracefully draped folds are far more enticing to many women than the trouser negligee could ever be.

This one is made something after the style of the wrappy evening coats and hangs in softly draped folds. It is moynage in style. The material is a lovely shade of wisteria satin and the trimming is "toile de tapis," a Parisian innovation which is very popular just now. The English of it is "cloth of carpet."

This trimming by the way, is being used on many of the exclusive new garters and silk suits which are being shown for southern wear.

LONELY YOUNG GIRL OF 18 WANTS A FRIEND

Dear Miss Smart:
I am a girl of 18 and am very lonely. I would like to have a friend. When I come home in the evening I always cry. I have a younger sister and she is always going out, but I never go. I ask her to take me along sometimes but she never will. I am good looking but I am timid whenever I am talking to anyone. Please tell me how to get a friend. Should I start to talk to some nice girl?
LONELY

My dear little girl, do not feel that you are the only lonely girl in the world. You are suffering from super-sensitiveness. There are just hundreds of girls who are like you. You are timid and probably do not have the courage to go half way and be a good mixer when in a crowd of young people. That is all you really have to do. Just go half way, be pleasant and try to forget yourself and it is not such a difficult thing after all—this thing of making friends.

Your idea of talking to some nice girl is a good one. If I were you I would choose a good jolly girl who is full of pep and has a kind heart. Start out by making girl friends. It will be good for you because you will be happier and will forget yourself. Because after all there is really nothing better than a number of nice friends. Let your sister go out and enjoy herself and do not ask her if you may accompany her. Have faith that sometime you may be going as she is.

Dear Miss Smart:
I am a girl of 14. (1) Name some good books. (2) Should I use powder? (3) Should I go to high school? (4) I live in the country. What would the tuition be if I went to the Lima high school? (5) Am I too young to go to a party with a boy friend? (6) Please give me a good recipe for candy.
DARKY L. DE MAE

(1) Any good reading books would give you this information. (2) Only to take the shine off your nose. (3) By all means. (4) Call the superintendent of the Lima high schools for this information. (5) No I do not think so, if you do not go to school. (6) Here is a recipe for nougats which makes delicious candy. Cook together a cupful each of white and brown sugar and a half cupful of water to the soft ball stage; add a quarter of a teaspoon of soda, just as it is taken off, stir in a half cup of nuts and pour over a well beaten egg white, and beat until firm enough to drop by spoonfuls on a buttered plate.

Dear Miss Smart:
Is there an old age pension? If so, how old do they have to be and in what way would we get it?

NEEDY
There is no pension for old age in Ohio at this time but a bill is pending in the lower house of the state legislature at present which provides that all persons over 65 who have no means of support be pensioned.

Dear Miss Smart:
I have been in Lima three months and I am not getting any young fellows. I dance but I have no one to go dances with. I go to church but still I can't get acquainted. Can you tell me where I might meet some nice young people?
JUST 17

Ask some of your neighbors or some of the women of the church which you attend to introduce you to some of the young people. Be friendly and amiable and you will soon become acquainted and make friends.

Dear Miss Smart:
(1) Please give us a good recipe for fudge. (2) For writing a letter is it correct to put your address in the heading or at the close of the letter? (3) In writing a man on the street is it proper for one to walk home with him? (4) Are girls of 18 too young to have baby company? (5) How many nights a week should he call? (6) Is it proper for a girl to call a boy on the phone just for a pleasure chat?
DOXY AND POLLY

(1) Here's a recipe for ten minute fudge: Mix together 2 cups of granulated sugar, one fourth teaspoon salt, one half cup of milk (a generous measure) and add two squares of unsweetened chocolate. Let it cook six minutes after it comes to a boil. Remove from the fire, add one tablespoon butter and one teaspoon of vanilla and beat for four minutes. Pour into a buttered pan. (2) In writing a business letter put your address at the close of the letter just below your signature. In writing an informal or friendly letter put your address in the upper left hand corner of the first page. (3) If you happen to be going in the same direction of his home, certainly it is "proper." (4) That depends upon the girl. Some girls enjoy going with one young man all the time and seem to be contented while others like a "variety." (5) I presume you mean the "steady"—about three or four times a week, I suppose. (6) No if a boy wants to "chat" he will call the girl.

Dear Miss Smart:
Please tell me the proper way to wash deodorants, bottles and water jugs use a solution of salt and vinegar. A dessert spoonful of rough salt moistened with vinegar is put into the bottle and shaken. Wash in warm soap suds and rinse well in warm water. Dry thoroughly. Unprepared salt is preferable to the prepared table salt.

Dear Miss Smart:
(1) I am 17 and have never gone out with a boy. Almost all the other girls of my age have boy friends and I would like to be able to have a good time with them. All the boys I know are very nice and have good reputations. They are always kind and polite to me.

ELAINE HAMMERSTEIN in "THE DAUGHTER PAYS" SELZNICK PICTURE "The Daughter Pays", a glowing, vital, drama of tense heart interest—lasting suspense—starting tomorrow at The Lyric.

Elaine Hammerstein takes the leading part in "The Daughter Pays," a splendid photo drama, which starts at the Lyric Theater tomorrow for a run of 3 days, closing Saturday. It's rather a queer story. The man hated the mother. He married the daughter because his idea of revenge was to make the daughter pay. The story revolves itself into a struggle of love against the hidden desires of a cynic and you may be well assured that it's interesting. It's a story of love and new. Please early for here of late it is rather smouldering desires of a monomaniac. So much for the substance of the picture. The conventional conspicuous by reason of its absence in this picture. JESS WILLARD EAGER TO FIGHT JACK DEMPSEY AGAIN

LOOKS LIKE PROFESSIONAL BASEBALL GAMBLERS IN GOTHAM ARE GOING TO HAVE TO FIND OTHER EMPLOYMENT THIS COMING SEASON

BASEBALL GAMBLERS ARE OUT OF LUCK; BIG LEAGUE ACTS

NEW YORK.—War to the knife against the gamblers! Here is one of the New Year's resolutions made by the solons of baseball, both majors and minors, and they mean to carry it out.

Major League clubs, having learned a hard lesson as a result of the White Sox expose, are making all sorts of preparations to fight the element that came so close to wrecking baseball. They have the law behind them and will be backed up by public sentiment in whatever they do to keep gamblers out of their parks and discourage betting at ball games.

In some cities the fans have offered to lend their assistance. Here for instance, a number of the fans who attend games at the Polo Grounds have banded together for the purpose of helping the Giants and Yankees to put an end to gambling. They will report anyone they see passing money or making a hand-book and there will be members of this band of fans scattered throughout the park.

In the minor leagues, too, the magnates have come to the realization that the surest way to protect themselves against future scandal and the operations of the gamblers is to take the well known "stitch in time." So they are going to follow the lead of the majors.

GAMBLING AMONG PLAYERS

Another way in which the men who run baseball can elevate the pastime in this respect is to forbid pot and craps among their ball players. The Cubs and White Sox have already issued a mandate forbidding the playing of card games for high stakes by their players or the shooting of the "galloping cubes."

Gambling for fat stakes has been common among many major league players who earn fat salaries. Often, however, some player loses more than he can afford to lose and the first thing the manager knows there is bad feelings somewhere in his team. Result—the harmony of this club is broken up and he does not get the best out of certain players. Oftentimes factions have been formed on ball clubs all because of some argument that started in a poker or craps game. And there are among the evils that must be eliminated if the magnates are going to do the proper thing. START "AT HOME"

There is no better place for the magnates to start reform than right "at home." It would not be a bad idea for the magnates to bar open gambling among all players under contract, even tho it be for low stakes. A game of cards for "just enough to make it interesting" is harmless in its way, but there is always someone to suggest boosting the limit and then the fireworks commence.

Judge Landis, whose word is law in baseball circles, will lead the crusade against gambling during the coming summer and it will go hard with offenders who come before him.

DAYTON PUG HOT AFTER KILBANE

CLEVELAND — Johnny Kilbane, featherweight champion, has been offered \$15,000 for a ten round bout with Blockie Richards of Dayton, in that city, he stated today.

Kilbane said he was giving the offer "serious consideration."

The scrap, if agreed on, is to take place some time between the latter part of February and the middle of March. Richards is to do 125 pounds ringside and Kilbane about the same.

WITTEN NEXT FOR O. N. U.

ADA — Northern's hardest game of the season comes off Friday night when the flying O. N. U. quartet who have won nine straight games journey to Springfield to play the Wittenberg five. Early in the season Wittenberg defeated Princeton University and in a contest with Ohio State, were losers by one point.

Therefore the fur is bound to fly Friday night and the fracas promises to equal the bloody battles of the Argentine. Northern expects to continue her winning streak and in preparation for the struggle will put in a week of strenuous practice.

To date the Varsity has played and won three Conference games and have a percentage of one thousand.

While comparisons on paper are not always a true indicator of the relative strength of athletic teams, yet some idea of their relative ability may be obtained in this manner. For instance, Kenyon has played Conference games with following results: Cincinnati 20, Kenyon, 10; Miami 14; Kenyon 14; Wittenberg 49, Kenyon 3, Ohio Northern 51, Kenyon 3.

Following the Wittenberg game, Northern goes to Columbus to play Capital University Saturday night.

BRINGING ON THE TOUGH ONES

We hear that Georges Carpentier is about to mingle with that wildcat of the heavy, Tommy Burns.

Having met and defeated that Philadelphia panther, Bat Levinsky, the Frenchman fears nothing in the heavyweight zoo now.

What a bumping bout he will have with Burns, the latter doing most of the bumping—wearing a chest protector on his back.

WANTING NONE THE BEST OF IT

"Cyclone Bill" Lyons told us one about Caesar Attell the other day. Years ago Lyons says he was standing around Alce Greggians old club in Sixth-st, San Francisco, with a bunch of fellows talking night.

Caesar Attell was among them and got into quite an argument with a big, red necked fellow who was twice Caesar's size.

The argument grew hotter and hotter and Caesar, being a fighter, took a swing at the big fellow thinking he'd scare him silly. Instead the red-necked bloke sailed into Caesar, and was whaling the daylight out of him, when two of the crowd pulled the maulers apart. Both had hold of Caesar, however, the other guy having backed away two or three feet. Caesar grasped the situation in a second and yelled:

"Here, don't hold me. . . ONE of you guys grab HIM!"

CANADA CAL'S CHIRPS

Speaking of the war, England found the war one way of getting rid of her surplus pounds. Also shilling and pence.

"I hear the Senator spoke on phonograph records against the treaty."

"Was it on the round cylinder records, or on the flat disk records like stove lids?"

"I am not certain, but I guess it was on the disk records. But why do you ask?"

"Oh, nothing; only I suppose you might say he went flatly on record against the treaty—eh?"

SPENCERVILLE B. B. TOURNEY ON FRIDAY

SPENCERVILLE — The second annual high school basketball tournament under the auspices of the Spencerville high school, will be held at the Spencerville armory, Friday, January 28.

At noon today those in charge said that eight teams had entered the contest with the promise of several more teams by Thursday night.

The teams so far entered include Bedford, St. Marys, Lima, Central, Mendon, Gomer, Ohio City, Delphos, St. Johns and Spencerville.

The tournament will be staged in three sessions. The first session will be held in the forenoon at 10 o'clock; the second in the afternoon at 2 o'clock while games between the winning teams, and the game for the championship will start at 8 o'clock in the evening.

A silver loving cup, valued at \$60 that is to be presented to the winning team is now on display in Spencerville. The entire Spencerville schools will be dismissed for the gala event and as the Basket Ball coach, of the Ohio Northern University has been secured as referee, a "square deal" is insured all visiting teams. Delegations of rooters will accompany each team.

LEW TENDLER READY FOR BIG BOUT

MILWAUKEE — It will be east against ease in the ring of the National A. C. at Milwaukee tonight. Lew Tandler, the southpaw lightweight of Philadelphia, and Willie Jackson of New York are expected to provide a real battle. We have the information from the Cream City that both are fit and anxious to hear the clang of the gong which will start them in action over the ten round route.

There are reasons that justify the belief this should be a scrap well worth watching, and judging by the advance sale of tickets in Chicago a lot of fans see it in this light, too.

TWO SPECIAL TRAINS

Two special trains, one on the Chicago, Milwaukee and St. Paul and another on the electric road, will be run. The first mentioned train will leave at 5:45 o'clock.

Tandler is one eastern battler who always has given satisfaction in Milwaukee, and, for that matter, so has Jackson. Both are aggressive, hard punching mitt wielders. It is expected it will be a fight from going to ten rounds unless something happens to "interrupt" it before the limit is reached.

TENDLER THE FAVORITE

Tandler in the betting yesterday was a big favorite, the figures being 8 to 5 that the awkward fellow from Philly cops the popular verdict. We didn't hear of any wagering on a knockout, which is natural, for they already have fought four battles without a kayo being shot.

In their previous battles three were no decision bouts with doubtful results, but in one contest, a decision affair, Tandler was awarded the verdict.

ENTITLED TO HIS RELEASE

Herzog, like Merkle, having served ten years in the majors, is entitled to his unconditional release, and like Merkle, has the right to negotiate for further service to baseball.

Were there any cloud on his career, he would not be allowed to play ball with any club of organized baseball.

As may be recalled, Herzog was drawn into the baseball investigation because of alleged statements by Rube Benton, Giants' pitcher, who claimed Herzog, along with Hal Chase, had offered him a sum of money to throw a game on the previous year. Benton is in ill repute with the baseball powers because of his disconnected yarns, and President Heydier of the National league declared nothing whatever was found against Herzog.

Herzog has been prominent in the National league on many clubs including New York, Boston, Cincinnati and Chicago. He helped McGraw win the pennant in 1912 and again in 1917. In 1915 he was manager of Cincinnati.

During his career, he was thrifty and purchased a valuable land in Indigley, Md., where he now operates a farm that produces cantaloupes and turkeys among other things.

In the departed days a some-befuddled guest appeared unsteadily before the desk of a smart hotel and demanded in thick but firm tones that his room be changed.
"I'm sorry," the clerk humored him. "But all the rooms are taken."
"Must have another room," insisted the guest.
"What's the matter with the room you have now?"
"Well, if you must know," explained the dissatisfied tenant, "fish on fire."

A visiting clergyman was conducting an experience meeting at a colored church in the south, and a woman arose and bore witness to the preciousness of her religion as a light bringer and a comfort giver.
"That's good, sister," said the minister. "But how about the practical side? Does your religion make you strive to prepare your husband a good dinner? Does it make you look after him in every way?"
As he paused he felt a yank at his coat-tails and heard the colored deacon whisper ardently: "press dem questions. Dat's my wife."

Statistics show that only 5,600,000 persons paid income taxes this year.

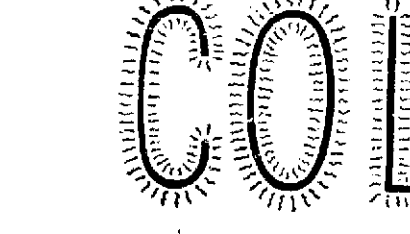

Which proves conclusively that an overwhelming majority of our 110,000,000 citizens are happy, contented and have comparatively nothing to worry about.—Life.

USE IODINE FOR SKIN IRRITATIONS

Pimples and Blemishes Vanish

If people would only have iodine in the home at all times for a family remedy, they would nip in the bud many serious afflictions and always have an antiseptic and healing remedy for everyday accidents and ailments, says a woman who speaks after many years' experience in raising a large family.
"Take Bismarck for instance," she says, "we used to call it St. Anthony's fire when I was young. The red, irritated, swollen skin, the itching and burning are maddening, and iodine is the remedy."
Physicians are practically unanimous in recommending iodine. They prefer it in its best form—Laudated Iodine Compound which is soothing, healing and powerful, yet never irritates or blister, and is practically stainless. It is quickly absorbed into the tissues and glands, usually giving prompt relief.
Fred Butler, H. P. Vorkamp have this agreeable iodine ointment and gladly recommend it as it gives immediate satisfaction. Be sure to get Laudated Iodine for best results.—Adv.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gas, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepper, pancreatic, charcoal, drugs, and various digestive aids and you know these things will not cure your trouble. In some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bismarck Magnesia—not the ordinary commercial carbonate, citrate, or milk, but the pure Bismarck Magnesia which you can obtain from practically any druggist in either powdered or tablet form.
Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal and see what a difference this makes. It will instantly neutralize the dangerous harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the kind of or heavy, lumpy feeling that seems to follow most everything you eat.
You will find that provided you take a little Bismarck Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and, moreover, the continued use of the Bismarck Magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Adv.
